6. A contestant must be a member of an I.G.R.A. Member or Recognized Association to compete in any I.G.R.A. Sanctioned Rodeo. (Refer to Bylaws Article III - Membership). Member or Recognized Associations, a valid Membership Card, or from their Association's Trustee, then the individual must join any I.G.R.A. Member or Recognized Association in order to compete.

7. Slack Time. Slack time may be run at the option of the Sponsoring Organization.

8. A Rodeo Association may declare its rodeo to be a "restricted rodeo". A "restricted rodeo" is a rodeo with a pre-determined number of contestants allowed to compete in each event. This announcement must be included in the contestant packet mailing done November 10 or May 10 by the I.G.R.A. Office. It shall be in a format of a letter stating the maximum number of contestants (a total of men and women) in each event. Registration for contestants must be received sixty (60) days prior to the date of the rodeo. Acceptance of contestants will be by postmark (first received, first entered) within the Division of the rodeo. If this number is below the maximum number of contestants stated in original letter, then acceptance will be by postmark for those contestants out of Division. All first-time contestants and Division contestants will be allowed to compete. The Rodeo Host Association must respond to the contestants forty-five (45) days prior to the rodeo of their acceptance to the rodeo.

9. Contestants must enter a minimum of either one (1) event each day or two (2) events if only competing on one (1) day. B. It is the contestants' responsibility to assure their registration form includes all team member names (and I.G.R.A. numbers if possible) by close of registration.
1. Non-compliance with the completion of team entries will result in the contestant(s) not participating in the event.

2. In the event of a dispute regarding team members, those registration forms with matching team members will be recognized as a complete team, and those not matching will be refunded their entry fee for that event.

C. Late entries or additional event entries will be accepted between 6:00 p.m. and 9:00 p.m. the day prior to the first (1st) performance at an additional fee of ten dollars ($10.00) per event. This fee will go to the Hosting Association.

D. Additional fees do not apply to first (1st) time contestants, defined as an individual who has not been assigned a four (4) digit I.G.R.A. number, or to contestants adding camp events.

E. **ALL ENTRY FEES AND ADDITIONAL FEES PAID DURING REGISTRATION MUST BE PAID IN CASH, CERTIFIED CHECK, OR MONEY ORDER ONLY.**

11. All contestants must fill out completely the standard entry and liability waiver form. All staff, arena and chute volunteers, contestants' helpers, press, and all others in arena, chutes, pens, or barn areas, must fill out completely a standard liability waiver form. The waiver can only be signed by the respective individual covered by the form. A valid photo ID is required as proof of age when the waivers are signed. There is no liability insurance provided for participants by I.G.R.A., the Host Rodeo Association, and/or Rodeo Sponsor. Contestants agree to abide by the Rules and Regulations of I.G.R.A.

12. Each rider must state at contestant registration whether or not he/she is providing their own rigging/horses. If not, the rider and owner must fill out a shared rigging/horse form showing the owner of the rigging/horse to be shared so that secretarial can make any necessary changes in the running order, and the owner of the rigging/horse knows who he/she is sharing with. No more than two (2) riders may share the same rigging/horse per event. At the start of the event, if contestant does not have his/her own rigging/horse or one shared by only one other person, the contestant will be disqualified from the event.

13. Each contestant will be issued a contestant number at random which must be worn on the contestants' back at all times during their specific events. The contestant number cannot be folded to eliminate/cover the sponsor name. This number, along with the contestants' laminated badge which also indicates the local rodeo number of the contestant, will gain the contestant admittance to the grounds, the contestant and chute areas. Lost, stolen, or forgotten contestant numbers or contestant laminated badges will be replaced for a fee of five dollars ($5.00) which will go to the Hosting Association. No admittance or competing will be allowed without an authorized, issued number worn on the contestants' back along with the visible presence of the laminated badge.

The contestant number must be visible when competing. Chest protectors may be worn over the contestants' number in all rough stock and camp events. Camp events contestants must show their number to the Scorekeeper prior to putting on vest. Failure to comply will result in disqualification and forfeiture of fees.

14. Contestant Medical Form shall appear on the back of all contestants' numbers, and must be completed and/or signed by the contestant at the time they receive their number. Contestant numbers must be provided by the Hosting Association. **(EXHIBIT J)** Medical Forms for volunteers shall also be available. **(EXHIBIT K)** It will be the responsibility of the Hosting Association to assure the completion of the Volunteers' Medical Form prior to the performing of their duties. Completed forms will be kept with secretarial in case of injury or illness. A signature will be considered a completed form.

15. All contestants must register using their legal name and may give a performance name (alias). The legal name will appear only on checks and any other document produced by I.G.R.A. and/or the Hosting Association which may require the use of legal names. Legal names will not be released to the press. The contestants' performance name will appear on all rodeo related documentation and will be used by the Announcers and may be released to the press or otherwise as may be deemed advantageous in promoting I.G.R.A. Sanctioned Rodeos. In the event a contestant fails to provide a performance name, the contestants' legal name will be considered to be the contestants' performance name.

16. Prior to the close of registration, contestant must notify Rodeo Secretary of arrival beyond the close of registration due to unforeseen circumstances. Registration may be allowed with the approval of the Rodeo Secretary.

17. Any Acting Rodeo Official may disqualify a contestant/team from an event for both go-rounds after observing excessive roughness or intentional harm to an animal, such as kicking, hitting, slapping, etc., before, during, or after the event. Appeals by the contestant/team may be made to the Protest Committee whose decision will be final.

J. Excessive abusive language, gestures, or intimidation of any kind towards any Rodeo Official.
K. Unauthorized entry into secretarial area.
L. Abusive language or gestures towards any spectator, contestant, or volunteer at registration, the rodeo, or awards ceremony. (Subject to review by the Rodeo Director.)

Placements which may have occurred prior to the disqualification will be recalculated based upon the remaining eligible contestants.

19. Intentional or unintentional delay of rodeo may cause a contestant(s) to be disqualified for that event.

20. Each I.G.R.A. Sanctioned Rodeo shall provide I.G.R.A. a list of contestants disqualified under Rodeo Rule II, Section 10 (A through K). Multiple infractions may result in the Board of Trustees determining that the contestant will be ineligible to compete in I.G.R.A. Sanctioned Rodeos or referring the matter to the E.P.R.B. for further action. Notice shall be sent to the I.G.R.A. Secretary by Wednesday following the rodeo at which the disqualification occurred. The I.G.R.A. Secretary shall within seven (7) days then send notification to the contestant and notify the Rodeo Auditor to make proper notations in the computer files.

21. Any contestant will be disqualified by any Rodeo Official and will forfeit all moneys earned, awards received, and points for any of the following:

A. Bad checks. A returned rodeo related check **(examples are: entry fees, stable fees, and fines)**, received in the local Hosting Association Office will mean immediate ineligibility for I.G.R.A. Sanctioned Rodeos/Events.
   1. To regain eligibility, the face value of the check, the bank charge, and any collection fee must be paid in full.
   2. Should the check later be determined to be uncollectible, suspension from I.G.R.A. may result (see Bylaws Article III, Section 4, Paragraph D).
B. Non-payment of entry fees, stable fees, or other rodeo fees/fines.

22. Each I.G.R.A. Sanctioned Rodeo shall provide I.G.R.A. a list of contestants disqualified under Rodeo Rule II, Section 12 (A and B). Notice shall be sent to the I.G.R.A. Secretary by Wednesday following the rodeo at which the disqualification occurred. Notification shall also be sent to those Member Associations which are hosting a sanctioned rodeo in the next four (4) weeks. The I.G.R.A. Secretary shall within seven (7) days send notification to the contestant and will notify the Rodeo Auditor to make proper notations in the computer files. Removal of the contestant's name from the disqualified list is the responsibility of the Association issuing the disqualification.

23. It is mandatory that all Judges, Scorekeepers, Timers, Announcers, Arena Officials and their Assistants, and the Rodeo Checklist Trustee attend a meeting under the direction of the Rodeo Secretary within thirty (30) minutes after the close of registration prior to the required contestant meeting the first day of rodeo performance. It is mandatory that the Scorekeeper hold a training session with the Timers immediately following the Officials Meeting that night. The purposes of these meetings will be to clearly define and inform each of the respective areas of their operational procedures.

24. Buddy passes are the responsibility of the Hosting Association.

25. A mandatory meeting for all new contestants will be held before the first go-round. Items to be discussed, but not limited to, are arena safety and contestant safety. This meeting will be held by the Arena Director or his/her designee. Any questions or rule clarifications from all contestants or rodeo personnel will also be addressed at this meeting. The time and place of the meeting will be posted at Friday night's registration.

27. Running order for each go-round will be assigned by random drawing by the Rodeo Secretary, except for bull riding. Running order will be posted prior to the start of the first event of each go-round. Chute assignments will be made by the Chute Coordinator following the running order established by the Rodeo Secretary. The first contestant in the running order will be assigned the first chute that needs to be emptied in order to speed the loading of additional live stock The second contestant will be assigned the next chute and so on. In the case of split chutes, one side should be completed before beginning the opposite side. If a contestant "scratches" an event before their animal is loaded into the chutes, the contestant is out of the running order, and no animal will be turned out. If a contestant "scratches" an event after their animal has been loaded into the chutes, the animal will be turned out.

Chute Coordinator and Arena Director determine if any chutes are unsafe or unsuitable for a particular event. Providing that the Scorekeeper and Announcer are notified prior to the change, actual exit order from the chutes may be changed by the Chute Coordinator or Arena Director in consideration of contestant/stock/staff safety, equipment failure, or overall flow of the rodeo.

28. All contestants are required to wear long-sleeve shirts, long pants, western hat, and western boots. (Hats must be worn on the contestants' head when they enter the arena). With the approval of the Arena Director , a contestant may choose to wear protective headgear, and the requirement for wearing a western hat is waived. No other waivers on required attire will be granted to contestants because of injury or for any other reason. No rolled or pushed up sleeves will be allowed except on the riding arm only during rough stock events. This dress code rule does not apply to any camp events; however, shoes of some type **MUST** be worn in the arena for the start of all events. In addition, a contestant will not be allowed to begin competition wearing clothing that allows the contestants' genitalia to be exposed.

29. All official personnel, with the exception of the announcing staff, shall adhere to the same dress code and rules as rodeo contestants (i.e., long pants, long-sleeve shirt, western hat, and foot attire being of closed toe shoes). All other arena volunteers are encouraged to wear the same type of attire but will not be disqualified from assisting because they are not wearing long-sleeve shirts, western boots, or western hat. Chute personnel - hat style optional. Personnel wearing headsets may alter hat style, i.e., baseball cap. The Host Rodeo Association may require volunteers to follow a stricter dress code.

30. If the Arena Director believes that high winds are affecting the contestants, staff, or performance, the Arena Director has the option of waiving the hat requirement in rule numbers twenty-one (21) and twenty-two (22) above.

31. All times and scores shall be announced during performance and slack with the exception of camp events. Announced times and scores are unofficial. Every effort will be made to announce contestants' sponsors.

32. Member Associations' Membership Lists:
    - A. All membership lists will be centralized through the I.G.R.A. Office.
    - B. Each Member Association must send a current membership list to the I.G.R.A. Office prior to November 1 of each rodeo year. Rodeo Review Board may impose fines on any Member Association not meeting this requirement. (See Bylaws Article X, Trustees, Section 9, Paragraph H). Recognized Associations shall abide by this rule to assist their members who are contestants.
    - C. Periodic updates will be at the Member Association's discretion. An update will consist of resubmitting the entire list.
    - D. Updated membership lists in the I.G.R.A. Office by Monday noon (MST) will be photocopied and forwarded to the next rodeo with I.G.R.A. Rodeo Auditor.
    - E. All membership lists will be single spaced, in alphabetical order by last name, and include the following:
        1. A title on each page stating the Member Association's acronym followed by the words "Membership List".
        2. A page number at the bottom of each page.
        3. The assigned 4-digit I.G.R.A. contestant number (optional), last name, first name, city, and state (2-letter postal abbreviation).
    - F. All membership lists will be forwarded, unstapled, to the I.G.R.A. Office via postal mail, facsimile (fax), or e-mail (in MS Word or MS Excel).
    - G. Member and Recognized Associations may provide their members with Membership Identification Cards which will be accepted by Sponsoring Associations as proof of membership provided that the I.D. card indicates at least: contestant name, Association name, and membership expiration date.

33. Only a contestant may scratch himself/herself from any or all events. Secretarial staff must be made aware of the scratch as soon as possible. Medical emergencies will be considered a scratch. In team events another contestant not already entered in the affected area may replace the scratched contestant due to a medical emergency. If a contestant returns, he/she may continue the rodeo as registered.

34. No pets will be allowed in the rodeo arena, chutes, holding pens, or other areas specified by the rodeo facility or Host Association. Pets in other areas must be under the owner's control.

35. All timed events that have a time limit for the contestant to compete in must have a horn, whistle, or buzzer signaling the end of the time allowed for that event.

36. In case of interference and/or arena equipment failure during the running of the event, the contestant will receive a re-ride/re-run at the Judges' discretion.

37. If a Rodeo Official's or other arena personnel's error causes a contestant or team a re-ride/re-run, the contestant or team has the option of keeping their original score/time or accepting the re-ride/re-run. However, if the contestant/team has no way of knowing that something did not happen or function correctly and they continue to compete, the contestant/team **MUST** continue to attempt to qualify before being waved off by the Judge in order to get another chance.

38. Any Director or Officer of I.G.R.A. shall have access to any part of the rodeo enclosure or arena when identification is presented. However, if an I.G.R.A. Director or Officer is a contestant, he/she is excluded from entering the secretarial area unless invited by the secretarial staff.

39. All key personnel (Rodeo Director, Assistant Rodeo Director, Arena Director, Assistant Arena Director, Chute Coordinator, Assistant Chute Coordinator, Judges, Timers, Scorekeepers, Secretary and staff) cannot compete as a contestant in an I.G.R.A. Sanctioned Rodeo in which they are officiating.

40. Video tapes may not be used as evidence in protests and/or judging decisions.

III. PROTEST PROCEDURES

1. The Ethical Practices Review and Rodeo Protest Procedures shall be two (2) separate and distinct processes. The Ethical Practices Review Board (E.P.R.B.) shall consist of the Trustees as stated in the Code of Ethics. They shall have complete and final decisions concerning the Code of Ethics.

2. All protests surrounding the functions of the rodeo or Rodeo Officials shall be resolved by a Protest Committee consisting of one (1) contestant representative from each participating Association. These contestant representatives shall be selected by participating contestants prior to the close of registration. Each Member or Recognized Association shall indicate on a list maintained by the Rodeo Secretary who shall be their respective protest committee representative. If no representative is selected by the close of registration, that Association will not have a representative on the Protest Committee. Contestant representatives shall serve for the duration of that rodeo. The Trustees attending the rodeo shall select a Trustee to serve as Chairperson for the rodeo. If possible, the Trustee should not be a contestant or working on the staff of that rodeo.

3. Function. The Protest Committee shall hear and rule on all protests brought by contestants.

4. Procedure:

If a contestant has a protest, the following steps must be accomplished:

A. Register verbally with his/her Protest Committee Representative. If no representative was selected, then register verbally with the Protest Committee Chairperson.
B. Representative shall register verbal protest with the Protest Committee Chairperson.
C. Chairperson will contact affected areas for information.
D. Affected areas shall render a decision.
E. Chairperson shall inform Association Representative and contestant of decision.

If contestant is still dissatisfied, the following steps must be accomplished:

A. Complete official Protest Form.
B. Contestant shall then give form to his/her Association Protest Representative, or if no representative was selected for their Association, to the Protest Committee Chairperson.
C. Representative shall then give form to the Chairperson.
D. **ONLY CHAIRPERSON OR I.G.R.A. PRESIDENT SHALL CALL A PROTEST COMMITTEE MEETING.**
E. Committee shall contact all parties involved for further information.
F. Committee shall render a decision.
G. Chairperson shall notify all parties of decision and make notation of decision and parties contacted on bottom of Protest Form.

5. Protests for the first go-round events must be submitted before the start of the second go-round. Protests for second go-round events must be submitted before the start of the third go-round, etc. Protests for the final go-round of events must be done within thirty (30) minutes after the posting of the final results for all events.

6. Protest Forms will be made available at each rodeo. They will be located at a designated place at the rodeo convenient to the contestants next to the event control sheets. **(SEE EXHIBIT C)**

7. Protest decisions will be given in written form to the contestant and copy kept for rodeo records. All decisions by the Protest Committee will be final.

8. The original of all Protest Forms and committee decisions will be given/mailed to the I.G.R.A. Secretary after each Rodeo Review Board Meeting. The Recording Secretary will provide a copy of each protest received during all rodeos to the Rodeo Rules Committee Chairperson and to any other appropriate Committee Chairperson within fifteen (15) days of the conclusion of the rodeo.

9. The names of the Protest Committee members shall be registered with the Rodeo Secretary prior to the start of the first performance.

10. In no event shall the Protest Committee, Directors, Rodeo Officials, or any other member of I.G.R.A. overrule the decision of an Acting Rodeo Official except when involving misinterpretation of the rules.

11. A contestant may only register a protest in the event(s) in which the contestant is competing.

12. A meeting of the Protest Committee may be called only by the Protest Committee Chairperson or the I.G.R.A. President. It is necessary for one of the two to be on the rodeo grounds during all rodeo events and up to thirty (30) minutes after the final go-round.

IV. TIMERS

1. All rodeos shall be required to use an electronic timing light for all speed events. Three (3) hand stopwatches will be used as a back-up. Scorekeeper shall record all times. In the event an electronic time is not available, the high and low hand stopwatch times are not used, and the hand stopwatch time in the middle is the official time. If only two (2) hand stopwatch times are available, the average time will be the official time. If only one (1) hand stopwatch time is available, the contestant will have the option of accepting that time or to re-run the event. If the electronic timing light fails for one (1) contestant, stopwatch times will be used for all contestants in the event for that go-round.

2. All back-up hand stopwatches used must be the same type and produce the same type of display.

3. Timed events will be timed to the thousandth (three (3) decimal places). Example: 10.2 will be 10.234. Timed events will be recorded by the Scorekeeper to the thousandths of a second and will be recorded in the computer to hundredths. Thousandths will be used to break ties in the event of a tie recorded by the computer. Times will be recorded as hundredths in the computer by entering the first two (2) places after the decimal, not by rounding off using the third (3rd) place digit. Stopwatches to the hundredths will be used.

4. Hand stopwatches will be used for events where an electronic timing light is not used. The hand stopwatches will be the official time for the event being timed. For camp events, there will only be one (1) stopwatch per team. For rough stock riding events, the official time will be a stopwatch held by one of the Judges. For roping events, speed events, and chute dogging, there will be three (3) hand stopwatches used. All times will be recorded. The high and low hand stopwatch times are not used, and the hand stopwatch time in the middle is the official time. If only two (2) hand stopwatch times are available, the average time will be the official time. If only one (1) hand stopwatch time is available, the contestant will have to re-run the event.

5. Timers will work from the same position during all contesting of that event for the duration of the rodeo.

6. Timers for a rodeo may not be changed after the first performance except for sickness or injury, or at the request of an I.G.R.A. Official because of Timers' incompetence.

7. The Timer who times the first performance of a riding event must time that riding event for the duration of that rodeo except as previously stated.

8. Each event shall have only three (3) designated Official Timers. The Scorekeeper will record only those three (3) designated official times in addition to the electronic timing light time.

9. It is the responsibility of the Timers to audit the Scorekeeper to ensure that times are recorded for the correct contestant and they match the times on the stopwatch.

10. Lap and tap timing is used in roping events and Wild Drag Race and is called by the Judge. The Judge will drop his/her flag but not wave off the event as would be done for a "no time". **ALL** watches are to be stopped as usual, but no watch is to be cleared.

A. In roping events, after the Scorekeeper has confirmed that the "buzzer" watch and at least two (2) timing watches are still effective, the Starting Judge will continue the event by dropping his/her flag at the appropriate time, and the Timers will restart their watches at that time.

B. In Wild Drag Race, the team will receive another steer starting from the chutes. The run will continue as if starting from the beginning, but the time will accumulate with the lap and tap time on the Timer's watch.

11. When lap and tap is invoked, the remaining time shall be determined from the clock/watch controlling the horn, whistle, or buzzer. The official time is still held by the three (3) Timers who will continue their watches when notified by the Start Judge.

V. JUDGES

1. All Judges must be I.G.R.A. Certified in good standing.

2. One (1) Non-Rookie Judge shall serve as Official Timer in the rough stock riding events. The second Judge shall serve as Back-up Timer. The Judges shall start their stopwatches when the animals' inside shoulder passes the plane of the chute gate. The Judges shall stop their stopwatches when in their opinion the contestant has been disqualified for any reason or dismounts the animal. In either instance where the time is six (6) seconds or more, the contestant shall be entitled to a score. If the horn, whistle, or buzzer sounds earlier than the required six (6) seconds, the contestant will be scored if there are at least four (4) seconds on the official stopwatch. If there are less than four (4) seconds on the official stopwatch, the contestant will be offered a re-ride or no score. The back-up stopwatch will only be used if the Judge with the official stopwatch time had his/her vision obstructed at the end of the ride.

3. Barrier Judges shall keep a record of all barrier penalties. Pattern Judges shall keep a record of all penalties and disqualifications. They will be furnished a complete list of contestants by the Rodeo Secretary, and their records and the Secretarys' must correspond.

4. A Judge has the authority to request that any person be removed from the arena if that person, in the Judges' opinion, is interfering with the contestant event.

5. Newly Certified Judges shall be considered to be Rookie Judges for the first two (2) I.G.R.A. Sanctioned Rodeos where they judge. Rookie Judges shall not be assigned to finish flag any roping events or chute dogging.

6. Every reasonable attempt should be made by the Judge(s) to notify contestants of any disqualifications or penalties.

VI. RODEO LIVESTOCK

1. All contractors' livestock shall have any necessary health certificates required by the hosting state, province, territory, facility, or the Hosting Association. Papers shall be checked and recorded by the official rodeo grounds personnel.

2. The Arena Director and Chute Coordinator will inspect stock upon arrival. All I.G.R.A. stock requirements shall be included in the stock contract.

3. Animals for all events will be inspected before the first rodeo performance, and no sore, lame, sick, or injured animal, or animal with defective eyesight, shall be permitted in the arena.

4. Arena Director may declare particular animals unsatisfactory. Upon notification, either written or verbal, the stock contractor shall remove such animal from competition.

5. No animal shall be beaten, mutilated, or cruelly prodded. Standard electric prods shall be used as little as possible. Animal shall be touched only on the hip or shoulder area with prod.

6. If an animal is injured during an event, it shall be removed as soon as possible from the arena to a place as isolated and comfortable as possible to reduce stress to the animal. Each rodeo shall provide a method and the equipment necessary to remove injured animals from the arena. A solid-floored skid with a minimum dimension of 4' X 8', sturdy enough to remove a horse or a bull, will be provided by the Hosting Association and stored as close as possible to the arena.

7. Mulie bulls, riding steers, and calves should be requested from the stock contractor. Steers for chute dogging, team roping, and camp events **MUST** have horns. It is the responsibility of the Arena Director to insure that all horned animals have their horns tipped or cut back. The objective is to have the horns smooth or rounded with no sharp or jagged edges. Guidelines for the Arena Director: bull horns should be blunted to approximately the diameter of a quarter; steer horns should be blunted to approximately the diameter of a dime; and for camp events and chute dogging, the horns should be a minimum of ten (10) inches long measured from the hair line out to the end of the horn on each side of the steer's head. If an animal does not meet the above specifications, said animal shall be removed from competitive status if the Arena Director believes there are enough other animals for the competition. If there are not enough animals, the stock contractor will be fined fifty dollars ($50.00) per each animal used to fulfill the original order. No animal with steel reinforcing bar or plaster on the horns shall be allowed in the competition.

8. Approximate weight of livestock for the following events shall be:

A. 900 to 1,200 pounds for steer riding.
B. 550 to 650 pounds for team roping and wild drag race.
C. 400 to 500 pounds for chute dogging and steer decorating.
D. 200 to 300 pounds for calf roping.
E. Common goats are to be of healthy stock with a minimum height requirement of 25 inches at shoulder, but no weight requirement. Goats should be similar/same in height and size.

9. All efforts shall be made by the stock contractor to provide chute dogging steers which have been dogged, but not used for team roping in the past. All team roping steers used at I.G.R.A. Sanctioned Rodeos shall be protected by horn wraps.

10. The Rodeo Host Association shall inform the Stock Contractor that contestants in I.G.R.A. Rodeos are of an amateur ability, and that the bucking stock provided should be similar to that used in a High School Rodeo. I.G.R.A. will request that all animals in riding events shall have been tried at least once as a bucking animal before being put into rough stock.

11. All stock must be run through the event chutes and through the arena prior to the start of the rodeo where conditions permit.

12. Any I.G.R.A. Sanctioned Rodeo shall add to the Stock Contractor's contract: "Any stock contractor personnel working within the I.G.R.A. Sanctioned Rodeo may be removed from the rodeo arena and working areas if under the influence or in the possession of alcohol or illegal drugs of any kind during the rodeo."

3. To compete for All-Around Titles, each contestant must:

   A. Participate in three (3) of the four (4) categories of events.
   B. Place (1st through 8th) in two (2) categories.
   C. Be a member in good standing of a Member or Recognized Association.

4. Contestants shall compete in any event only once per performance except for team roping.

5. Point Awards:

   A. Points are equal for all events, and awarded per performance to the first eight (8) places as follows:

1st Place	50 Points
2nd Place	45 Points
3rd Place	40 Points
4th Place	35 Points
5th Place	30 Points

   B. In team events, each team member will receive full points for placing.

   C. (1) Team roping results for each team will be recorded according to who heads and who heels.

   (2) If a team roping team places twice in the top eight (8) during a rodeo go-round, they shall only receive points towards All-Around Champion for their highest placing each go-round. The remaining teams will not be moved up in placement points for that go-round.

   (3) If a team roping team places twice in the top eight (8) during a go-round, they shall receive all points toward I.G.R.A. Finals Rodeo selection.

6. Tie Decisions:

   A. All Events - Tie for first (1st) place, equal points will be given to both contestants. The fifty (50) points for first (1st) and forty-five (45) points for second (2nd) will be added together and split evenly, forty-seven (47) points going to each contestant. No second (2nd) place will be given. Third (3rd) remains third (3rd) and fourth (4th) remains fourth (4th), and so forth through eighth (8th) place. Ties between all other places with points will be treated the same. In the case of a tie, all fractions of point awards will be dropped.

   B. All-Around Titles - In the event two (2) contestants should earn the same number of points, the tie will be broken by giving one (1) point to the contestant who placed first (1st) in the most events. If a tie still exists, the tie will be broken by giving each contestant two (2) points for each event in which he/she placed (1st through 8th), and one (1) point for each event participated in.

7. Scores do not become official until the results are certified to the I.G.R.A. Trustees by the I.G.R.A. Rodeo Auditor. Such certification to be completed within twenty-four (24) hours after the rodeo.

IX. RODEO PRIZES AND PAYOFFS

1. Prize Money

   A. Host Association advertises set amount of prize money from International Sponsor(s) to be paid for All-Around Cowboy and All-Around Cowgirl. This prize money will be divided between the winners and the next three (3) places. The prize money will be divided as explained in Paragraph C of this rule for four (4) people. Ribbons will be given to the All-Around Champions and to second (2nd) through fourth (4th) place.

   B. Host Association may add additional prize or purse money. If it is added purse money, it will be awarded however specified by the Hosting Association. (Examples: all to first place; split 60% / 40% to top two; $100.00 to each of top three, etc.) Added purse money can be awarded daily or for the combined days placings. Added prize money will be awarded to contestants on a daily basis by the formula in 1.C below.

   C. Host Association advertises all entry fee prize money to be paid back in each event up to the first eight (8) places per go-round depending on the number of entries per event as follows:

   1 - 25 entries/teams pay four (4) places
   26 - 50 entries/teams pay six (6) places
   51 + entries/teams pay eight (8) places

   Ribbons will be given to the first five (5) places per go-round.

   D. Entry fees will be divided as follows per placing per go-round in an event:

6th Place						5%	8%	8%
7th Place							5%	5%
8th Place								2%
	100%	100%	100%	100%	100%	100%	100%	100%

   E. If at least one contestant/team places in an event the first (1st) day, and no one places the second (2nd) day, both days' money goes to the contestant(s)/team(s) who placed once provided that the contestants/teams attempted to qualify on the second (2nd) day. If at least one contestant/team places the second (2nd) day, and no one placed the first (1st) day, both days' money goes to the contestant(s)/team(s) who placed once provided that the contestant(s)/team(s) attempted to qualify on the first (1st) day. If, in fact, no one places after both days, the money will remain with the Host Association. Tied money will be treated the same as ties in the point system. In rough stock events, an "attempt" shall be defined as the contestant crossing the plane of the chute, i.e., no pulling of a contestant prior to animal leaving the chute.

2. Host Association advertises they will award:

   A. All-Around Cowboy and All-Around Cowgirl buckles based on total points earned.

   B. Event buckles to the contestants or teams achieving the best combined time or score of both go-rounds. In the case of team roping teams, the buckle will be awarded to the header/heeler having the best time of both go-rounds. In the event that a contestant or team does not place in both go-rounds, buckles will be awarded to the best time or best score for a single go-round.

   C. In the event of a tie based on combined times or scores, placement points (see Rule VIII, Number 5) will be used to determine the buckle winner(s). If a tie still exists, the contestant with the best single go-round time or score will be used to determine the buckle winner(s). If a tie then still exists, each contestant will receive a buckle. Cash awards in lieu of a buckle cannot be offered.

   D. Non-awarded buckles will be returned to the buckle sponsor.

X. RULES FOR EVENTS

1. ROUGH STOCK EVENTS

A. General Rules for Riding Events

1. Any animal that becomes excessively excited so that it gets down in the chute repeatedly, or tries to jump out of the chute, or in any way appears to be in danger of injuring itself, should be released immediately and pulled from competition at the Chute Coordinators' or Arena Directors' discretion and the rider given a new animal.

2. At the Arena Directors' or Chute Coordinators' discretion, any animal stalling in the chute may be pulled from competitive stock for the remainder of the rodeo and the contestant given a new animal.

3. All riding events shall be timed for six (6) seconds; that time to start when the animals' shoulder to the back of the chute passes the plane of the chute gate.

4. It is recommended, but not required, that all contestants planning on participating in either bull riding or bareback bronc riding, have successfully completed two (2) qualified rides at a previous I.G.R.A. Sanctioned Rodeo in the steer riding event, or have previous experience in these events outside I.G.R.A.

5. Recommended personal safety equipment for all rough stock events to include mouthpiece, chest protector, personal protection devices, and protective headgear (helmet).

6. Western-style hat (or approved protective headgear) must be on the contestants' head when contestant calls for the gate to be opened.

7. A qualified ride shall be scored a maximum of fifty (50) points by each Judge; one (1) to twenty-five (25) points for the animal and one (1) to twenty-five (25) points for the rider. Judges may use .1 through .9 along with regular score, e.g., Bareback Bronc Riding, 17.2-contestant, 17.4-animal for a total of 34.6. This will help eliminate ties in these events. A score of zero (0) will be used for a no ride, and a "DQ" for a disqualification. If one (1) Judge gives a "DQ", then the contestant is disqualified. The reason for the disqualification shall be noted on the Judges' score sheet.

8. Hooks, rings, or knots will not be used on bull ropes.

9. No hot shots will be used on an animal once it is loaded in the chute except at the discretion of the Chute Coordinator. Hot shots may not be used to enhance the performance of an animal.

10. The Chute Coordinator or his/her designee may declare a contestant a "No Show" after that contestant's name has been called three (3) times and that contestant is not present in the chute area. The Chute Coordinator may also "No Show" a contestant who has been assigned an animal and cannot provide rigging (unless registered shared rigging is used) or who has been advised he/she is next to go and he/she is not over their assigned animal with glove on when the previous animal and/or contestant leaves the arena. No more than two (2) contestants may share a single rigging in any event.

11. All contestants are allowed no more than one (1) coach.

12. No one will be allowed to "ride the gate" as it is being opened.

13. Rider must stay on animal for full ride. Horn will sound at this time. Rider will be scored additional points for spurring, and fewer points for any loss of control. Rider will receive a score if he/she is in the air but has not hit the ground at the completion of the official time.

14. These events require two (2) Judges.

B. Re-Rides

1. If the Judge declares that a contestant is eligible for a re-ride, the Judge shall inform the contestant of their score and an option of a re-ride. Contestant may refuse the re-ride and take the score. Contestant must notify the Judge immediately of their decision to accept or reject the option.

2. Eligibility for **POSSIBLE** re-rides:

   a. Stock Contractors' equipment fails, e.g., flank strap breaks or comes off animal, or flanker admits that animal was not properly flanked. Rider must make a qualified ride and be in control of the ride while attempting to make the animal perform. If the animal stalls and the rider has a qualified ride up to the point of the stall, and the contestant receives a score of fifty (50) or less, he/she will be offered the option of accepting the score or a re-ride.

b. Performance of the animal is inferior, e.g., animal stops for an excessive time. Rider must make a qualified ride and be in control of the ride while attempting to make the animal perform.

c. Performance of the animal is hindered, e.g., animal stumbles to its' knees or falls, animal's head or horn(s) caught in gate or fence, rider is told by a Judge to get off the animal due to an injury of the animal. Rider must make a qualified ride up to the point of animals' hindered performance. Once the animal has stumbled to it's knees or fallen, or caught it's head or horn(s), the rider may continue to ride with the possibility of a score, a disqualification, or a score of zero (0) (bucked off). In all cases, the rider has the option of a re-ride as long as they had a qualified ride up to the point of animal's hindered performance.

3. If a contestant believes that he/she has been fouled by the animal in the chute or on the chute gate, the contestant may continue to attempt to make a successful ride. The Judges will then decide if the contestant was actually fouled (i.e., injured or knocked off balance so as to lose control of the ride). If a Judge observed a foul, then the contestant will be notified of their current score and their option for a re-ride.

4. If, in the opinion of a Judge, any arena personnel interfere with a rough stock ride before the qualified time has elapsed, contestant will be given a marking with an option of a re-ride, providing contestant made a qualifying ride up to the point of the interference.

5. If, in the opinion of the Judges, a rider makes two (2) honest efforts to get out on a chute-fighting animal and is unable to do so, he/she may have two (2) more attempts on the current animal, another animal, or a scratch.

C. Bull/Steer Riding

1. A joint "poker draw' will be performed for men and women by Secretarial Staff and Chute Coordinator for bull riding.

a. All bulls will be "branded" with chalk or paint, or other means acceptable to the Stock Contractor.
b. Prior to the "poker draw", the Secretarial Staff shall do a random draw for running order of the contestants.
c. Bull riders are invited to observe the "poker draw".
d. Secretarial Staff shall draw numbers or names corresponding to the bulls from a receptacle held above the head of the drawing official.
e. The first number drawn is the bull for the first contestant, and so on.
f. If there are more contestants than bulls, all of the bull numbers will be placed back in the receptacle after the first cycle has been completed. This will be done as often as necessary to match bulls with contestants.
g. If there are more bulls than bull riders, at the discretion of the Stock Contractor and Chute Coordinator, the bulls that were not used in the first (1st) performance will be drawn for the second (2nd) performance prior to the availability of the other bulls.
h. After all contestants have had a bull drawn for them, the contestants will be required to leave while the Secretarial Staff conducts a draw for possible re-rides. The running order for re-ride animals will be kept secret until after the contestant has made his/her decision regarding a possible re-ride.

2. If the rider chooses the use of spurs, locked rowel spurs must be used. The rider is not to use sharp spurs.

3. Contestants must ride one (1) handed.

4. Contestants will have the right to ask the Judge to pass on whether or not the animal is properly flanked to buck to the best of its' ability. The bell should be positioned under the belly of the animal.

5. No more than two (2) people may be on chute to pull contestants' rope.

. Rider will receive a score of zero (0) for being bucked off and will be isqualified for any of the following offenses:

a. Touching the animal, equipment, hat, ground, or person with the free hand or arm. (The Judges will give consideration to a rider who is sitting up and in control if they touch the head or horns of a bull or steer that slings or throws its' head. If the Judge(s) determines that the rider was not attempting to regain balance or aid their ride, then the rider may not be disqualified.)
b. Grabbing hold of the fence or chute gate or pushing on the fence or chute gate to regain balance and assist the ride after crossing plane of the chute gate.
c. Using sharp spurs.
d. Placing spurs or chaps under the rope when the rope is tightened.
e. Using suicide wraps.
f. Not having a bell on bull/steer rope for the full six (6) second ride.

D. Bareback Bronc Riding

1. There will be no tape or any other adhesive material or substance other than dry rosin used on rigging handhold(s) or on a riders' glove(s), which will be a plain glove with no flaps, rolls, wedges, or gimmicks. Rider may have a single layer of sheepskin or leather under the handhold(s) which will extend at least one inch (1") on both sides of the center of the handhold(s) not to be shaved and either one (1) end shall be glued down. Violators will be disqualified.

2. Rigging must lie flat on animals' back while rigging is being cinched. Stock Contractor may call on Judge to pass on whether rigging is being set or cinched in a way that might hurt the animals' back. No fiberglass or metal in rigging or handholds. Only leather or rawhide allowed for handholds; the only other metal allowed will be in the "D" rings. All riggings must have enough sheepskins or sponge rubber, underneath to cover the bars. Pads used under riggings must be leather-covered on both sides. If they are hair pads, they must be at least one inch (1") thick; and if a foam pad, they must be at least one and one-quarter inch (1 1/4") thick. Pads will extend at least two inches (2") behind the riggings.

3. Cinches on bareback rigging shall be at least five inches (5") wide.

4. A bareback contestant may elect to ride with one (1) or two (2) hands. Before the rider calls for the animal, their decision must be made and maintained throughout the ride. If the rider starts with one (1) hand, the rider will be disqualified for using the second (2nd) hand. If the rider starts with two (2) hands, the rider will be disqualified if one (1) hand releases the grip for any amount of time. Riding with one (1) or two (2) hands is judged the same way with two (2) points deducted by each Judge for riding with two (2) hands.

5. If a bareback contestant chooses to ride with two (2) hands, the contestant has the option of using either a one (1) or two (2) handed rigging. If a one (1) handed rigging is used, the hand hold must be large enough for both hands of the rider to slide out easily enough during the dismount so as not to impose a safety hazard for the rider or the pick-up personnel.

6. Judges may require rider to take his/her hand out of rigging after a horse is cinched. If handhold is too tight, rigging will be declared illegal. Stock Contractor may request such action to be taken.

7. Judges may disqualify riders for the following:

a. If rigging comes off the horse.
b. Touching the animal, equipment, hat, ground, or person with free hand or arm.
c. Grabbing hold of the fence or chute gate or pushing on the fence or chute gate to regain balance and assist the ride after crossing plane of the chute gate.
d. Riding with locked rowels.
e. If, in the Judges' opinion, the riders' rowels are too sharp.
f. Not following the Judges instruction to take feet from the neck of the horse stalled in chute.
g. Rider will be disqualified if he/she does not have the animal rigged and ready to go when called.
h. Spurring behind the break of the horses' shoulders.

8. The rider should have the spurs or boot heels over the break of the horses' shoulders and touching horse when horses' front hooves hit the ground on the first move out of the chute. A five (5) point penalty shall be assessed on each side for which the rider does not have the correct foot position. Contestants have the right to ask Judges to decide whether the horse is properly flanked.

E. Chute Dogging

1. This event is set up in the bucking chutes. Time limit will be sixty (60) seconds timed by arena buzzer.

2. Dogger will get into the chute with the steer and position self for start of the event. All steers must be positioned in the chute facing the hinged end of the gate.

3. Dogger calls for the animal. As the gate begins to open, the Start/Finish Judge will simultaneously flag and whistle the start of the event. This signals the start of the Timers' stopwatches. The Line Judge will whistle when steer's nose crosses the ten foot (10') line and then dogger may dog steer. The Start/Finish Judge will flag the end of the event once the steer is dogged.

4. If the contestant loses control of the animal (physical contact), he/she is disqualified and the time stops. If the strength/skill of the dogger has the steer beginning to fall in a legal manner, but the dogger releases the steer prior to the Judges flag, the dogger will be disqualified. If the steer is not dogged within sixty (60) seconds, the Judge will inform dogger that he/she is disqualified.

5. Dogger will be disqualified for placing finger(s) in steer's eyes.

6. If the contestant dogs the steer before the nose has crossed the ten foot (10') line, he/she may let the animal up and continue the event.

7. A steer is considered down when it has been taken down by the strength/skill of the contestant so that it is lying on its' side with all four (4) feet pointed the same direction as the nose when in a natural position. If the steer is taken down in a manner other than specified below (i.e., tripping the steer, steers horns in dirt causing it to flip, etc.), the dogger shall allow the steer up and attempt to dog the steer in the following prescribed manner.

a. A legal fall will have the steers' legs following the same clockwise or counter-clockwise turn of the head.
b. A dog fall will have the steers' feet going one way while the nose is going the other way.
c. In the case of a dog fall, contestant moves steers' head in either direction to obtain correct position.

8. All steers are "luck-of-the-draw". There will be no re-runs except in the case of an injured steer, interference, or the steer escaping the arena while in the contestants' allowed time limit.

9. Event has two (2) Judges. The Start/Finish Judge in the arena will flag and whistle the start and then flag the finish. The Line Judge will stand at the ten foot (10') dogging line to whistle the nose crossing the line.

10. Event requires three (3) Timers for the dogging time.

2. ROPING EVENTS

A. General Rules for Roping Events

1. Lap and tap timing will be used. Two (2) Judges will be used to start and stop time. One (1) Judge will flag the barrier line at the chute. Time starts when calf or steers' nose clears the chute gate. The second Judge will be mounted on horseback and positioned in the arena to flag the finish of the event.

2. If a roping contestant is interfered with in the arena during a run, or if the calf or steer is injured or gets out of the arena, Field Flag Judge will drop flag stopping time, and the roper will get an animal back in the chute. Contestant will have the remaining loops not used (i.e., in breakaway roping, if one (1) loop has been thrown, the contestant will have one (1) loop to throw. If no loops have been thrown, the contestant will have two (2) loops). Lap and tap time will start again and be added to the time taken when the Field Flag Judge dropped the flag on the first run. If the contestant is interfered with before throwing his/her first loop, he/she must "declare" interference immediately before throwing the first loop. If contestant is interfered with while throwing the first loop or before throwing the second loop, he/she must "declare" interference immediately and before throwing the second loop. If contestant is interfered with while throwing the second loop, he/she must "declare" interference immediately.

3. It is the privilege of a contestant to allow other people within the confines of the timed event box to assist with contestants' horse or lining out calf or steer.

4. It is the ropers' responsibility to tell the gate person their signal for release of the animal. Animal belongs to the contestant when he/she calls for it regardless of what happens except in cases of mechanical failure. If the gate malfunctions, but the animal is still released, the contestant can cross the barrier line without penalty. However, the contestant **MUST NOT** throw the loop. Once the contestant throws the first loop, he/she has accepted the conditions and a re-run will not be granted for the malfunctioning gate.

5. There shall be two (2) Judges - a Barrier Judge and a Mounted Field Judge. Time will be taken between two (2) flags.

6. If the Judge determines that the catch is legal and no time is recorded, the contestant has the option of taking the maximum time allowed or having a re-run. If the Judge determines that the catch is legal and only one time is recorded, the contestant has the option of accepting that time or have a re-run. The decision must be made immediately.

7. If, for any reason, a lap and tap time is not recorded when there is interference, or an animal is injured or escapes from the arena, the contestant will get a complete re-run of the event.

8. If the Field Flag Judge flags out a contestant/team that still legally has one (1) or more loops coming, the contestant/team will receive a re-run on an animal.

9. Western-type equipment must be used. Western-style hat must be retained by contestant throughout time in the arena. Loss of hat will result in a five dollar ($5.00) fine. Rodeo Secretary will be responsible for collecting the fine. The five dollar ($5.00) fine will go to the I.G.R.A. Finals Rodeo Contestant Fund.

10. The Arena Director or his/her designee may declare a contestant/team a "No Show" after that contestant/team has been called three (3) times and they are not present, mounted, and ready to go (unless registered shared horses are used) in the arena entry area.

11. All animals are randomly loaded and given to contestants per the running order of secretarial event sheets at the start of the go-round. Providing that the Scorekeeper and Announcer are notified in advance of the change, actual exit order of contestants or teams from the roping box may be changed by the Chute Coordinator or Arena Director only in consideration of equipment failure or injured horse.

B. Calf Roping on Foot

1. Lap and tap timing will be used with a thirty (30) second time limit, not including possible penalties.

2. Each roper will only have one (1) loop.

3. Ropers will be positioned in the roping box behind the head gate and behind a clearly marked barrier line. Roper calls for the calf, and time starts when judge flags calf's nose clearing the chute gate.

4. Catch as catch can. Clean catch. Loop must go completely over the calf's' head, then catch around the neck, leg(s), belly, or combination of these body parts. A clean catch means that the slack must be pulled out of the rope. Mounted Judge will flag time when calf is roped and slack is pulled out of the rope. Then the flag will be dropped to indicate the time is complete. Legality of the catch will then be judged.

5. There will be a ten (10) second penalty if the ropers' foot steps on or crosses over the barrier line before the calf's nose clears the chute gate.

6. Reasons for disqualification:
   a. Ropers must throw the loop; roping the animal without releasing the loop is not permitted.
   b. Ropers may not step out in front of the chute and try to snare or trap the calf.
   c. Ropers will be disqualified if entire rope is thrown at the calf.

C. Mounted Breakaway Calf Roping

1. Lap and tap timing will be used with a sixty (60) second time limit, not including possible penalties.

2. Time is started when calf's' nose clears the chute gate; time is stopped after legal catch when rope breaks string attached to the saddle horn.

3. Riders will be mounted on horse. Two (2) loops are permitted. If a contestant intends to use two (2) loops, contestant must carry two (2) ropes and must use the second rope for the second loop. A loop dropped to the ground is considered to be an expended loop.

4. Ropes must be secured next to the saddle horn with string, i.e., no excess slack in string. If the string securing either rope breaks or comes untied from the saddle horn prior to being thrown by the contestant, that rope may not be used in the event. Animal must break rope from saddle horn to be a legal catch. An easily visible piece of cloth or plastic flagging **MUST** be attached within three feet (3') of the end of the rope to enable the Field Flag Judge to flag the breakaway more accurately. If the second rope falls from the saddle before it is used, the first rope may not be used to build a second loop.

5. Catch as catch can. Clean catch. The loop must go completely over the calf's' head and then catch around the neck, leg(s), belly, or any combination of these body parts. Animal must break rope from the saddle horn. If animal steps out of loop before rope is broken from the saddle horn, the roper may use the second loop. If roper breaks the rope from the saddle horn, the contestant will be disqualified.

6. Loop must be thrown. Roping the animal without releasing the loop is not permitted. Roper cannot ride up and snare or put the loop around the animal.

7. There shall be a ten (10) second penalty added on to the ropers' time for crossing the barrier line before the calf's' nose clears the chute gate.

8. Reasons for disqualification:
   a. Abusive treatment of the calf.
   b. Abusive treatment of the contestants' horse.
   c. Roping the calf without releasing rope after the catch.
   d. Accidental or intentional dally or hang up of rope.
   e. Not having an easily visible piece of cloth or plastic flagging attached to the end of the rope within three feet (3') of the end.
   f. Roping the calf before the ropers horses' tail has cleared the barrier line.

D. Team Roping

1. Lap and tap timing will be used with a ninety (90) second time limit, not including possible penalties.

2. Team will start behind the barrier using either box and, header must throw the first loop at head. The headers horses' tail must clear the box before the loop is thrown.

3. There will be a ten (10) second penalty assessed by the Barrier Judge if either horse breaks the box before the steer starts.

4. Each contestant will be allowed to carry only one (1) rope. Each team is allowed three (3) throws in all. Roping steers without turning loose of the loops will be considered no catch. Ropes must "dally" to stop steer. No tied ropes allowed. "Dally" is defined to mean one (1) complete turn around the horn.

5. Time starts when steers' nose clears the chute gate. Both ropes must "dally" and be relatively tight with both horse and the steer in a straight line. Time ends when both horses are faced with all four (4) feet on the ground and the ropes are tight.

6. All changes in lists of roping order to share horses, etc., must be made before any stock for that event is loaded in the chute. After stock is loaded, ropers must rope in order listed.

7. Steer must not be handled roughly at any time. Team may be disqualified, if in the opinion of the Field Judge, they have done so.

8. If header accidentally jerks steer off its feet or steer trips or falls, header may not drag over eight feet (8') before steer regains its feet or the team will receive no time.

9. Any heel catch behind both shoulders is legal if rope goes up heels. If only one (1) heel is roped, and the flag is dropped to complete the event, there will be a five (5) second penalty. If heeler ropes steer around any other part of the body, there will be no time. Ropers are allowed to work slack to complete the catch. Roping an animal without releasing the loop is not permitted. The loop must be thrown. Ropers cannot ride up and snare or put loop on the steer. The steer must be moving when the heel loop is thrown.

10. If the header's loop catches a front hoof or hooves, shoulder, or body of the steer, it is a foul catch. Header may work slack to retrieve loop, but neither contestant may retrieve loop by hand.

11. If the heeler ropes a front hoof or hooves in the heel loop, it is a foul catch. Neither contestant may recover the front hoof or hooves from the loop by hand; however, if the front hoof or hooves come out of the heel loop by the time the Field Judge drops his/her flag, time will be counted.

12. If artificial horns are jerked off, ropers will receive a re-run on a steer with no penalties other than barrier penalties.

13. Any question as to catches in this contest will be decided by the Judge.

14. If the headers' loop is on the steer, and the steer is injured or escapes the arena, the team will get lap and tap time with another steer with the rope on it in the chute. The rope will be placed on the steer in a similar manner as it was on the first roped steer. Judge shall make sure that the rope will not catch on the roping box upon release of the steer. Time will resume when the steer makes his initial move out of the chute. The header has the option of restarting in the roping box or within the arena, which ever they feel is safest for them. The heeler will restart in the roping box.

15. In the event a team member is injured or ill prior to the event, a substitute who is not already participating in the event may be allowed. The substitute must be someone who is already a contestant in the rodeo. Rodeo Secretary is to be notified of substitution prior to competing, or no time will be awarded.

16. Any individual may enter twice but must switch positions. Header must head; heeler must heel.

17. A loop dropped to the ground is considered to be an expended loop. A broken rope or a dropped rope will be considered no time.

18. Legal catches.
    a. There will be only three (3) legal head catches.
        1. Both horns.
        2. Half a head.
        3. Around the neck.
    b. Any heel catch behind both shoulders is legal if rope goes up heel.
    c. One (1) hind hoof receives a five (5) second penalty.

19. Illegal catches.
    a. If hondo passes over one (1) horn, and the loop goes over the other horn, the catch is illegal.
    b. If loop crosses itself in head catch, it is illegal. This does not include heel catches.
    c. Cross fire catches will receive no time. If, in the opinion of the Field Flagger, a heel loop is thrown before the header has dallied and changed direction of a steer, team shall receive no time.
    d. If roper throws his/her loop before the horses' tail clears the barrier line, roper shall receive no time.
    e. If the header catches one or both front feet or legs in the loop, it is a disqualification if the header dallies, and the header must release the rope to prevent injury to the steer.

3. Speed Events

A. General Rules for Speed Events

1. If, after crossing the start line, rider's horse (body/tail) spins or crosses its traveled path or trips the electronic timer, other than according to the prescribed pattern, or the rider dismounts or falls off before crossing the finish line, the pattern is considered to be broken, and the rider disqualified.

2. Western-type equipment must be used. Western-style hat must be retained by contestant throughout time in the arena. Loss of hat will result in a five dollar ($5.00) fine. Rodeo Secretary will be responsible for collecting the fine. The five dollar ($5.00) fine will go to the I.G.R.A. Finals Rodeo Contestant Fund.

3. Speed events are timed events. Stopwatch times start and stop when the Judge drops the flag.
   a. Timing shall begin as soon as the horses' nose reaches the start/finish line and will be stopped when the horses' nose passes over the start/finish line.
   b. Starting markers or electronic timing light shall be placed, where at all possible, against the fence.

4. A contestant is allowed a running start. At the discretion of the contestant, he/she may have the choice of open or closed gate at the start and end of the run, if in the opinion of the Arena Director, the gate position will not create a dangerous situation for the horse and/or rider.

5. The Judge, at his/her discretion, may disqualify a contestant for excessive use of a bat, crop, whip, rope, or spurs.

6. After a maximum of ten (10) riders, the travel area around all barrels and end poles shall be at least hand raked to ensure safe and fair completion of the course for each rider and horse. If it is discovered that the arena has not been raked after ten (10) contestants, then any contestants affected by this non-compliance will be allowed to request a re-run.

7. The Arena Director or his/her designee may declare a contestant a "no show" after that contestant has been called three (3) times and they are not present, mounted and ready to go (unless registered shared horses are used) in the arena line-up area.

8. Providing that the Scorekeeper and Announcer are notified in advance of the change, actual running order of contestants may be changed by the Arena Director or the Arena Director's designee only in consideration of equipment failure or injured horse.

B. BARREL RACING

1. The course must be measured exactly. If the course is too large for the available space, the pattern should be reduced, depending on the arena size, maintaining a minimum distance of seventeen feet (17') from the fence to barrels one (1) and two (2) and a minimum distance of thirty-six feet (36') from the fence to barrel three (3). Barrels one (1) and two (2) must be moved inward by equal amounts, while barrel three (3) may be moved separately. If the arena is too narrow for the standard pattern, only barrels one (1) and two (2) need to be moved inward. If the arena is too short for the standard pattern, only barrel three (3) needs to be moved inward. Brightly colored fifty-five (55) gallon closed metal drums must be used.

2. When measuring the arena for the barrel course, ample room must be left for horses to complete their turns and stop at the finish. The barrels shall be placed consistently in relation to the marker and made as level as possible.

3. At a signal from the starter, the contestant will run to barrel one (1), pass to the left of it, and complete an approximate three-hundred sixty (360) degree turn around it, then go to barrel number two (2), pass to the right of it, and complete a slightly more than three-hundred sixty (360) degree turn around it, then go to barrel number three (3), passing to the right of it, followed by the final sprint to the start/finish line, passing between barrel number one (1) and two (2).

4. The barrel course may also be run to the left. For example, the contestants will start to barrel number two (2), turning to left around this barrel, then to barrel number one (1), turning to the right, then to barrel number three (3) turning to the right, followed by the final sprint to the start/finish line.

5. Knocking over a barrel shall carry a five (5) second penalty. A contestant may touch the barrel with his/her hands in barrel racing.

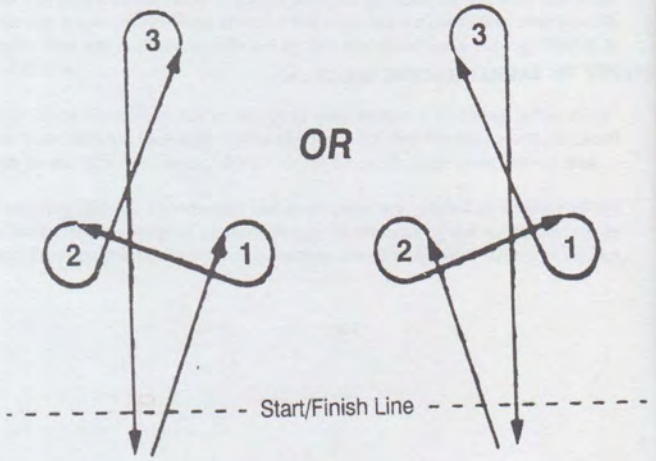
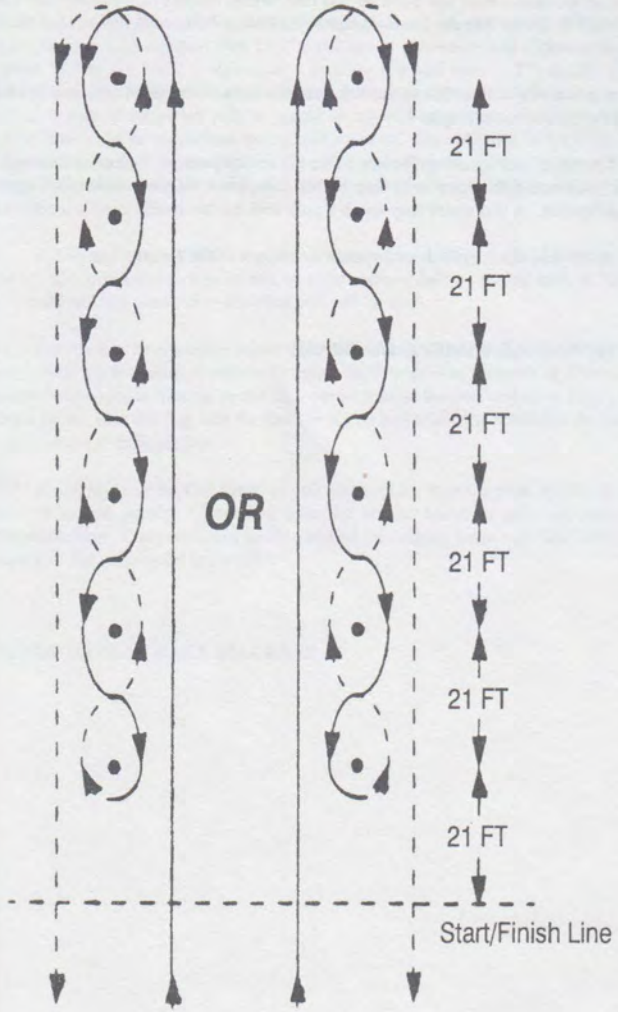
PATTERN SET-UP

PATTERN RUN



POLE BENDING



C. Pole Bending

1. The pole bending pattern is to be run around six (6) poles. Each pole is to be twenty-one feet (21') apart, and the first pole is to be twenty-one feet (21') from the starting line. Poles shall be set on top of the ground six feet (6') in height, with no base more than fourteen inches (14") and no less than twelve inches (12") in diameter. The poles shall fit firmly into the bases so that if the pole is bumped it will tend to move the base as well.

2. A horse may start either to the left or to the right of the poles and then run the rest of the pattern accordingly.

3. Knocking over a pole shall carry a five (5) second penalty. Failure to follow the course or crossing the start/finish line before completion of the pattern shall cause disqualification. A contestant may touch a pole with his/her hand.

4. A knocked down pole does not alter the pattern of the course.

(REFER TO POLE BENDING DIAGRAM)

D. Flag Race

1. The flag race pattern is to be laid out in the same manner as the regular barrel pattern with the substitution of a pole in place of barrel three (3). Brightly colored fifty-five (55) gallon closed metal drums must be used.

2. A five (5) gallon pail measuring fourteen and one-quarter inches (14 1/4") [+ (plus) or - (minus) one-half inch (1/2")] tall inside dimension and eleven and one-quarter inches (11 1/4") [+ (plus) or - (minus) one-half inch (1/2"] across inside dimension with fill mark on the exterior and/or interior of the pail filled three-quarters (3/4) full with rabbit pellets will be placed on top of barrels one (1) and two (2). A proper level must be maintained throughout the event. Should a pail be knocked over by a contestant, it shall be refilled as described, not scooped up from the arena floor. Flag poles shall be set eight inches (8") into the pellets, and pole shall be marked from the bottom accordingly.

3. A two and one-half foot long (2 1/2'), round one inch (1") diameter pole with one (1) end sharpened to a point and an eight and one-half by eleven inch (8 1/2" X 11") solid red flag attached to the other end will be used.

4. Pattern may be run either left or right and contestant must call placement of flag before entering the arena. Contestant crosses start/finish line, proceeds to first barrel, passes on the outside picking up the flag, passes around the pole and on to next barrel where he/she puts the flag into the five (5) gallon pail with sharpened end down and returns to the start/finish line.

5. Knocking over the first barrel or pail, or knocking over the pole, will result in a five (5) second penalty. Knocking over the second barrel or pail will result in disqualification. Contestant will be disqualified for striking horse with flag. Flag not staying in last pail results in no time.

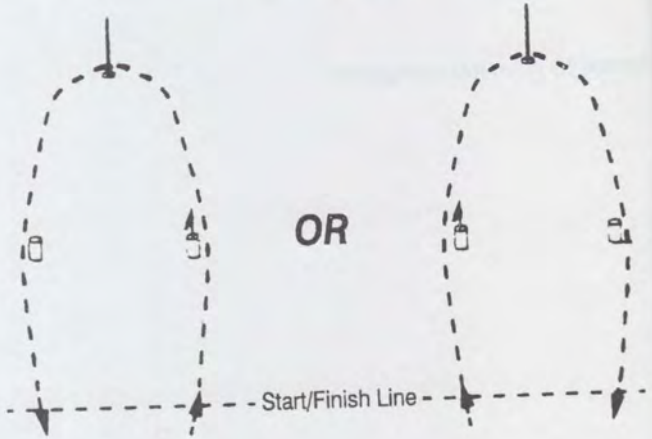
PATTERN RUN



4. Camp Events

A. General Rules for Camp Events

1. All camp events will be started by flag and whistle by the Judge.

2. Teams must be complete before the close of registration. It is not the responsibility of the Rodeo Secretary to provide team members.

3. Roughing of Timers and/or Judges will result in disqualification.

4. In the event a team member is injured or ill prior to the event, a substitute who is not already participating in the event may be allowed. The substitute must be someone who is already a contestant in the rodeo. Rodeo Secretary is to be notified of the substitution prior to competing, or no times will be awarded.

5. All camp events to have a one (1) or two (2) minute time limit at the discretion of the Hosting Association.

6. Each camp team will have their own Timer.

7. If the Judge determines that the event was completed within the time limit but no time is recorded, the team has the option of taking the maximum time allowed or having a complete re-run. The decision must be made immediately. If the Timer realizes that the stopwatch was stopped late, for whatever reason (e.g., malfunctioning watch, Timer watching wrong Judge), but the time is within the time limit, the team has the option of taking the recorded time or having a complete re-run. The decision must be made immediately.

8. A team will be disqualified if any of the team members step on or cross the start line before the start of the event by the Judge.

9. The Arena Director or his/her designee may declare a team a "No Show" after that team has been called three (3) times and they are not present and ready in the arena line-up area.

B. Steer Decorating

1. Team event with two (2) people on each team.

2. Steer is in bucking chutes with alternating (every other) chutes, if possible, to be used for safety reasons.

3. Each steer will have a soft cotton twenty-five foot (25') [+ (plus) or - (minus) six inches (6")] long by three-quarters inch (3/4") up to one and one-half inches (1 1/2") diameter rope to include a two and one-half inch (2 1/2") to three inch (3") metal ring attached on:
   a. Horns of a horned steer such that the ring end of the rope is behind the steers' horns, and the ring end of the rope points away from the arena side of the chute. The rope is not to be tightened around the horns of the steer before the start of the event.
   b. No mulie (non-horned) steers will be allowed. Rope to be furnished by Rodeo Sponsor. Knots are allowed in ropes. Ropes must be uniform in diameter.
   c. Ribbon must be a minimum of seven-eighths inch (7/8") to a maximum of one and one-quarter inch (1 1/4") in width and twenty-four inches (24") in length minimum and must be made of prefab cloth ribbon, not cloth material, cut to proper width by hand.
   d. Ribbons will be made available to each team one heat prior to their go. The first heat teams will be given their ribbons as the line-up is called.

4. The team:
   a. One (1) team member stands ten feet (10') from chutes holding the rope.
   b. Second (2nd) team member stands at least forty feet (40') from the chutes. When the chute gate opens, he/she runs up to tie ribbon on steers' tail. All four (4) feet of the steer must clear the ten foot (10') line before ribbon canbe tied or rope removed. Chute gate will remain open until completion of each heat.

5. Steer belongs to the team at the whistle/flag start. If the gate "hangs up", but the steer is still released, the team must immediately request a re-run. If team continues to compete, they have accepted the conditions, and a re-run will not be granted for the gate "hanging up".

6. Time starts when the Judge blows the whistle and drops the flag. Time ends when the ribbon is tied on the steers' tail, the loop of the rope has been removed from the steers' horns, and the member of the team who tied the ribbon on the tail touches the Timer assigned to their team. The loop cannot be around the steer's neck or body, and it must be removed from the steer.

7. If a team loses their steer, they must recapture their own steer.

8. Disqualification:
   a. If the ribbon is not tied to steers' tail when Timer is touched.
   b. If the Timer is touched before the loop is removed from both horns.
   c. Capturing another teams' steer.
   d. Attempting to decorate the steer or remove rope from horns before all four (4) feet of the steer clear the ten foot (10') line.
   e. If contestant touches unassigned Timer.
   f. Contestants placing finger(s) in steers' eyes.

9. Event requires one (1) Judge for each Team.

C. Wild Drag Race

1. Team event with three (3) people on each team. A maximum of two (2) teams will be allowed to compete at the same time.

2. Steer is in bucking chute for safety reasons.

3. Each steer will have a halter with a soft cotton twenty-five foot (25') [+ (plus) or - (minus) six inches (6")] long by three-quarter inch (3/4") up to one and one-half inch (1 1/2") diameter rope attached. Knots are allowed in rope. The halter and rope are to be provided by Rodeo Sponsor. Ropes must be uniform in diameter.

4. The team:
   a. Female must be female. Female stands ten feet (10') in front of the chute holding the rope attached to the steer. She is the only person allowed to touch the rope until the gate opens.
   b. The drag may be male or female. The drag must wear female-type drag clothing and a wig. Drag stands behind the seventy-foot (70') line.
   c. Male must be male. Stands forty feet (40') from chute.

5. When the chute gate opens, the male and the drag run to assist the female in bringing the steer across the seventy-foot (70') line. Once all four (4) hooves cross the seventy-foot (70') line, the drag may then mount the steer. Time stops when all four (4) hooves of the steer, with legally mounted drag, cross the finish line in the direction toward the chutes.

6. Steer belongs to the team at the whistle/flag start. If the gate "hangs up", but the steer is still released, the team must immediately request a re-run. If team continues to compete, they have accepted the conditions, and a re-run will not be granted for the gate "hanging up".

7. The finish line shall be seventy feet (70') from the chutes.

8. Male and female may assist to help get the steer with mounted drag across the finish line. If team loses their steer, they may recapture their own steer. Capturing another teams' steer will result in disqualification.

9. There is one (1) way for the drag to be legally mounted on the steer, and that is straddling the steer's backbone with one (1) leg (which is at least that portion of the leg extending from the knee to the foot) on each side of the steer and below the ridge of the backbone. The drag may be facing forward or to the back of the animal.

10. The drag must be legally mounted before the steer has any hoof on or across the finish line. Time stops when the steer with mounted drag crosses the finish line in the direction away from the chutes. All four (4) hooves of the steer must cross completely and remain on the finish side of the line before the time stops.

11. If the drag touches the ground before the steer has completely crossed the finish line, the team must bring the steer back across the finish line in order to make another attempt.

12. If the drag is legally mounted on the steer and is then bucked into the air before the steer completely crosses the finish line, the drags' entire body must be across the finish line when the drag hits the ground. Drags' entire body must be across the finish line before the flag is dropped to stop the time.

13. If the drag is sliding off the steer, the drag must still maintain the minimum mounted position as described in this section, number 9.

14. Each team in the wild drag race shall have a Judge, and the Judge shall be placed in a position at the finish line that would allow an unrestricted view of the finish line.

15. If a team's animal escapes the arena before the team has completed their event, then the Judge will signal the Timer to stop the watch. Lap and tap timing will be used. The team will be given another steer starting from the chutes. The run will continue as if starting from the beginning, but the time will accumulate with the lap and tap time on the Timer's watch.

16. Contestants to be disqualified for placing their finger(s) in the steers' eyes.

D. Goat Dressing

1. Team event with two (2) people on each team.

2. Goats must be spaced so that they cannot tangle up with each other. Goats shall be tethered with a ten foot (10') [+ (plus) or - (minus) three inches (3")] soft cotton rope to a weighted object which the goats cannot drag. Dog harnesses will be used to tether the goats. Goats must be held stationary at the point furthest away from the start line until the Judge drops the flag and blows the whistle. The shorts shall all be the same size, style, and brand.

3. Contestants will stand at starting line fifty feet (50') from the point at which the goat is tethered. To prevent interference, all contestants competing in later heats shall remain in back of a line that is fifteen feet (15') behind and off to the side of the start/finish line.

4. A Judge will flag and whistle the start. The team runs to their goat and as one (1) member of the team holds the goat, the other team member puts shorts on both back legs with one (1) leg of the goat in each leg hole of the shorts.

5. The Timer will stand on the start/finish line approximately ten feet (10') to the side of the starting point. The contestants must cross the start/finish line in front of the Timer. Time will stop when all four (4) feet of the contestants cross the start/finish line. Each Timer must give a hand or head signal to the Judge when they stop the time.

6. Disqualification:
   a. Throwing the goat or unnecessary roughness.
   b. The shorts are not over the tailbone of the goat when contestants cross the start/finish line.

7. Event is run in heats.

8. Event requires two (2) Judges.
